

Basic Detail Report

Bowl, Bentwood

Date

1830-1850

Medium

Wood, paint

Description

Rectangular bentwood feast bowl made from Red cedar.

The box is carved in low relief with elements painted in

red and black on all four sides. The rim is fitted with inlaid opercula shells with only seven remaining in place. The box/ bowl is stitched together with wooden pegs along a single seam where the sides of the box come together. A faint red painted line running from one end to the other is visible inside.

Dimensions

Overall: 25 x 34.5 x 46.5 cm
